### To put building in cleaning mode:

- 1)go to the office (code: C2679Z)
- 2)go to main department lights
- 3)turn everything to scene 1 excluding cleaners

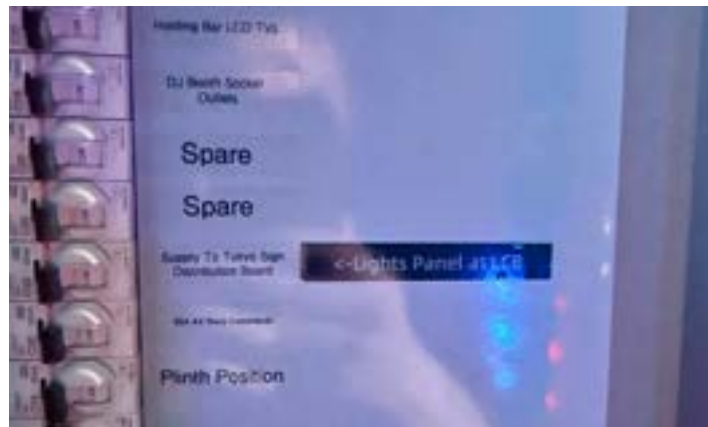

## **Tokyo Wall (side wall at LCB)**

**Where: Behind the wall next to the station that sits next to the showrunner booth.**

**How: Simply switch the indicated switch below**

## **Ticker Tape (lights above lucky cat bar)**

**Where: In the office**

**How: Press the power button indicated below so the light is blue and not red.**

**To select a colour, go to favourites, use the scroller on the right to select the scene you want and press the enter button under the**

**scroller. A tick will appear to verify the scene. (PLEASE ENSURE OTHER SCENES ARE NOT SELECTED. IT CAN BUG IT OUT & SELECT ANYTHING)**

## **Site Main Departments Lights**

**Where: In the office**

**Looking at the menu they're separated in departments**

**Each of them looks the same as indicated below**

**How: Scene 1 is always the brightest, and as you scale down it gets dimmer**

**All departments to be left in Scene 1 except holding bar  
Scene 4 = Dark (sun is going down use this setting)**

**Show Tunnel**

**(lights on the ceiling of showtime tunnel)**

**Where: Office**

**How: In the options below choose Control and then Lights On (cleaners on is bright white)**

**Presets = Ceiling Scenes**

**Colour Picker = for custom colour enter code using hex code & press on/off**

**Windows (outside lights)**

### Where: Office

**How: Press the windows option and then press 100%**

## Hijingo Room Lights

**Where: behind bar inside Hijingo room**

**How:**

- We turn 1 & 8 for fully bright lights during cleaning
- Before we open the door to let guests in, we press no 3
- About 1 minute before the game starts, we press no 4

## LCB Lanterns

**Ensure below switch is on**

**Open Hue App.**

**Login Details:**

[charlie@hijingo.com](mailto:charlie@hijingo.com)

**BingoWins1!**

**Click on the LCB in the app & Select  
“Standard”**

## **Showtime Light**

**Where: behind LCB bar next to the lantern switch.**

**This light is turned on when the Hijingo room is ready to go, and we open the doors for the guests to get in the room.**
